DC581x

58" Color Surgical Display

***Clinically Focused, Advanced,
Easy to Experience***

Designed for tableside guidance during Hybrid OR, CVOR, and EP lab cases

CIRRO
MEDICAL SYSTEMS

DC581x | 58" Color Surgical Display

The DC581x 58" 4K Surgical Display is the ideal choice for progressive surgical environments desiring flexible table side viewing of multiple sources in their native resolution. When

combined with TLGC's Multi-Display Manager (MDM), the DC581x improves workflow and ergonomics within the Hybrid OR, EP Lab and Interventional Suites.

Clinically Focused

Designed to enhance procedure guidance and ergonomics during minimally invasive procedures, this 8MP LED display delivers vivid, precise, and consistently uniform video through;

- 3840x2160 resolution improves visualization of fine details.
- Ultra-high brightness and contrast improves depth perception and deep cavity details.
- **ClearView^{AR}** delivers clear, crisp images to reduce eye fatigue.

Easy to Experience

The DC581x is lightweight medical grade display that is easy to install, operate, and maintain. Built with proven componentry and established manufacturing practices, each DC581x is thoroughly tested prior to Customer shipment and is backed by TLGC's commitment to quality and satisfaction.

- 58" wide angle screen improves viewing ergonomics and comparative and magnified viewing
- Device Control Interface with preset selection improves workflow and intuitive operation
- IEC 60601 and international certifications for medical use
- UHD/4K Connectivity via Dual Link DVI-D and Dual Display Port.

Advanced

Configured with industry leading Surgical Ready features, the DC581X is design for the most demanding medical environments and table side use. The combination of the DC581X and MDM supports user preferred multi-image layouts.

- AR Glass protects against impact from surgical field equipment.

DC581x | 58" Color Surgical Display

Optik View displays have the connections you need. All major inputs are accepted via the back side connection panel.
